DETAILED ACTION

Reasons for Allowance

Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art, as taught by Thomas et al (US 5,607,259), teaches some of the general features of claim 1, but fails to teach or fairly suggest the machining and welding steps (a,c,d), including machining each longitudinal edge to form an external bevel on the side opposite the conduit, forming a bearing weld by heating the bearing lip, and thereafter forming a weld bead using a filler metal outside the conduit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
